GALVANIZED STEEL DUCTWORK - GAUGE SELECTION GUIDE
Publication DS-114, Rev. C

Rectangular ductwork, galvanized G60 coating. Minimum gauge by duct width and static pressure class:

Duct width 31-54 in., 2 in. w.c. class: 24 gauge (0.0276 in.)
Duct width 31-54 in., 3 in. w.c. class: 22 gauge (0.0336 in.)
Duct width 31-54 in., 4 in. w.c. class: 20 gauge (0.0396 in.)
Duct width 55-84 in., 4 in. w.c. class: 18 gauge (0.0516 in.)

Reinforcement spacing per SMACNA HVAC Duct Construction Standards. Consult the project specification, which governs where more stringent.
